Journal of Maps
Science Editor
Mike Smith,
Kingston University,
UK

Journal of Maps
Social Science Editor
Jeremy Porter,
City University of
New York, USA

Journal of Maps is concerned, broadly, with social and physical processes that take place on a geographical scale. Topics could include, for example, footfall in retail marketing, the spread of bird flu or location of geological faults, the common theme being the use of maps or spatial diagrams to advance understanding. Taylor & Francis is committed to the current Editorial policy and this will remain under the exclusive control of the Editor-in-Chief, *Mike Smith*.

About Taylor & Francis Journals

Taylor & Francis is part of Informa, one of the world's leading publishers of academic journals. Taylor & Francis is dedicated to the dissemination of scholarly information, drawing on expertise developed since first publishing learned journals in 1798. Taylor & Francis now publishes over 1,560 scholarly journals in association with more than 460 learned societies and scholarly institutions. We operate from a network of 20 global offices, including Philadelphia, Oxford, Melbourne, Stockholm, Beijing, New Delhi, Johannesburg and Singapore.

How to access *Journal of Maps*

All previously published volumes of the *Journal of Maps* will remain freely available on Taylor & Francis Online at www.tandfonline.com/TJOM. New issues will also be hosted on this new journal homepage and available to subscribers of *Journal of Maps*.

Should you have any questions regarding the 2012 pricing of the journal or subscription queries please do not hesitate to contact us on subscriptions@tandf.co.uk.
